

Volunteer for College Credit Union:

College Credit Union is always looking for strong leadership to help replace any positions that we may have on our Volunteer Board of Directors or Volunteer Supervisory Committee. The individual will need to have strong financial statement understanding, a strong understanding of the financial industry, and a strong understanding of financial services offered.

College Credit Union's membership has changed along with the addition of services we offer. The Volunteers must truly understand the needs of the membership and be able to weigh them with the financial ability of College Credit Union. The membership average age has lowered and demands of services have increased. As a Volunteer you have a position that requires that you meet the needs of the membership, regulators, and financial stability of the Credit Union.

If you feel you have these abilities for College Credit Union and you are willing to volunteer between 2 and 8 hours monthly please complete the application and return it to:
